The Rev. Harry K. Holland of Marietta, Ga., has succeeded the Rev. William B. Ward of Spartanburg, S. C., as chairman of the Presbyterian College Board of Trustees.

He has served as pastor of the Marietta Church since 1947 and was named moderator of the Georgia Synod in 1953. He received the honorary doctor of divinity degree from Presbyterian College in 1952.

Dr. Holland, who attended Columbia Theological Seminary after finishing Presbyterian College, served churches in Graver, Ga., Charlotte and Raeford, N. C., before going to Marietta. He is married and has two children.

Meet the Faculty

Neil G. Whitelaw, Professor of Physics

Dr. Neil G. Whitelaw, professor of physics, is a main reason why Presbyterian College maintains its reputation for sound scientific training.

Since the first of the 19 years during which he has been connected with the institution, there has been no year when he has not had former students holding fellowships and academic assistantships in departments of physics at leading universities.

Dr. Whitelaw was sought during World War II by the Oak Ridge Project for the complete development of the atomic bomb. He declined, however, to remain at Presbyterian College to teach the student and the needs of the war-time training program.

Dr. Whitelaw came to Presbyterian in 1935 from the faculty of the University of Wisconsin. Although his doctorate is in the field of physics, he taught mathematics at Wisconsin and for the first year at PC before shifting to his major field.

A native of Indiana, Mr. De received his B.A. degree from Miami University at Oxford, O., his M.A. from Wisconsin in 1929 and his Ph.D. from the same institution in 1931.

Receiving Period on Presbyterian Edition of Lent 1940-41. Plans in general, including a PC as one of the series of independent physical science colleges, conceived, arranged, later, plans to be added to the existing list as a component of support, discussion within the institution during the Department of Public Relations and Alumni Affairs.
